

# Children Receiving Subsidies in Oregon

For reporting period: October 1, 2018 to December 31, 2018

An important goal of Oregon's Early Learning System is to increase access to high quality care and education for all children in Oregon. This includes children from low income families and across all racial and ethnic backgrounds. The following information depicts data about children receiving child care subsidies and is the only available data about children in child care.

## Children in Subsidized Care

- children on subsidies in all licensed child care programs
- children on subsidies in programs participating in Oregon's QRIS

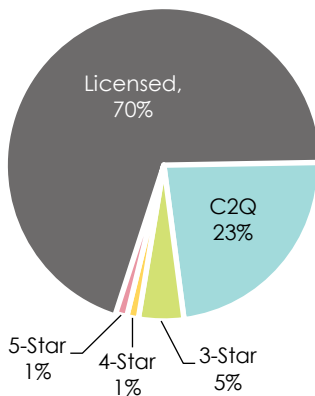

## Subsidies in Oregon

Current data shows that children from low income families are accessing quality child care and that those children are from diverse racial and ethnic backgrounds. 30% of children receiving subsidies are in licensed QRIS participating programs (Commitment to Quality (C2Q) to 5-Star). 43% of those are from racial and/or ethnic groups, which are considered minorities, as compared to the percentage of minorities in subsidy across all licensed programs (44%).

## Oregon's QRIS Participation

The table and chart below show race and ethnicity of children receiving subsidies in licensed programs and Oregon's QRIS participating programs according to designation and rating.

	Licensed (non QRIS)	C2Q	3-Star	4-Star	5-Star	Total*
African American	906	316	33	*	17	1272
Asian	82	27	*	*	*	109
+Hispanic or Latino	2084	727	99	19	24	2953
Native American/Alaskan Native	100	67	8	*	*	175
Native Hawaiian/Pacific Islander	25	7	*	*	*	32
Two or More	254	70	25	*	*	349
White	4318	1371	356	102	81	6228
Total	7769	2585	521	121	122	11118

+Indicated the ethnicity of Hispanic and any combination of race.

\*Stars represent 6 or less children and count as "0" in the report. Actual totals may be more than shown.

All data from Oregon's Department of Human Services for reporting period October 1, 2018 to December 31, 2018. Reported on October 21, 2019.

+ Indicated the ethnicity of Hispanic and any combination of race.

Information is about children 11 years and younger receiving child care subsidy.

Because of the nature of child care in Oregon these reported data are the most reliable source of demographic information about children in care, with the acknowledgement that this information is self-reported and optional.

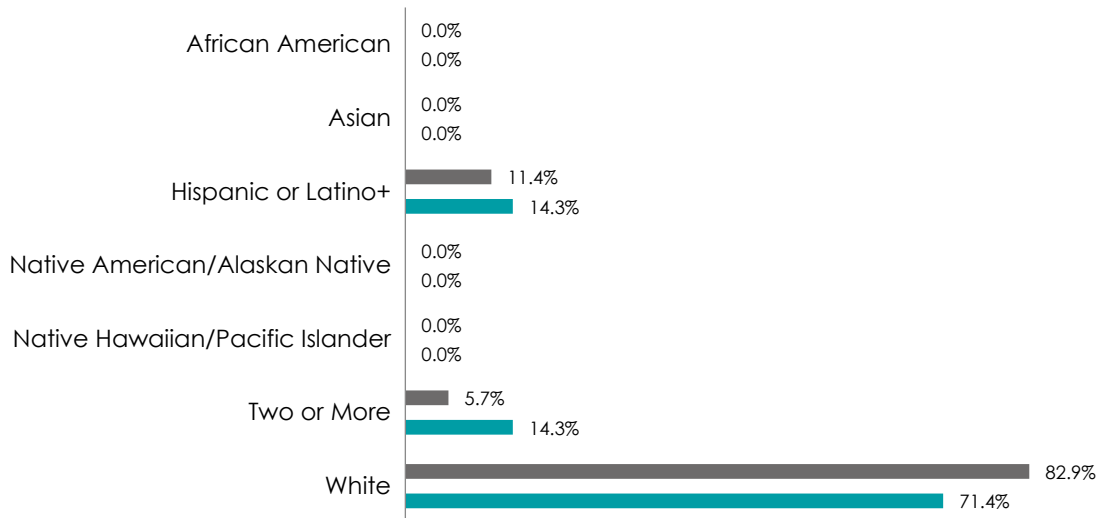

# Children & Families Receiving Child Care Subsidies in Baker County

For reporting period: October 1, 2018 to December 31, 2018

An important goal of Oregon's Early Learning System is to increase access to high quality care and education for all children in Oregon. This includes children from low income families and across all racial and ethnic backgrounds. The following information depicts data about children receiving child care subsidies and is the only available data about children in child care.

Because of the nature of child care in Oregon these reported data are the most reliable source of demographic information about children in care, with the acknowledgement that this information is self-reported and optional.

# Children & Families Receiving Child Care Subsidies in Coos County

For reporting period: October 1, 2018 to December 31, 2018

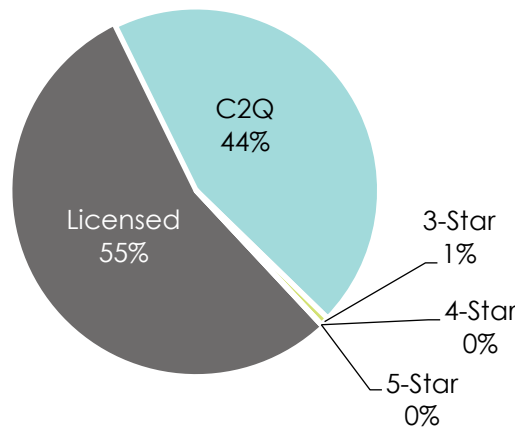

An important goal of Oregon's Early Learning System is to increase access to high quality care and education for all children in Oregon. This includes children from low income families and across all racial and ethnic backgrounds. The following information depicts data about children receiving child care subsidies and is the only available data about children in child care.

## Children on Subsidies by Demographic Information

## Oregon's QRIS Participation

The chart below shows children receiving subsidies in licensed programs and Oregon's QRIS participating programs county wide according to designation.

All data from Oregon's Department of Human Services for reporting period October 1, 2018 to December 31, 2018. Reported on October 21, 2019.

+ Indicated the ethnicity of Hispanic and any combination of race.

Information is about children 11 years and younger receiving child care subsidy.

Because of the nature of child care in Oregon these reported data are the most reliable source of demographic information about children in care, with the acknowledgement that this information is self-reported and optional.

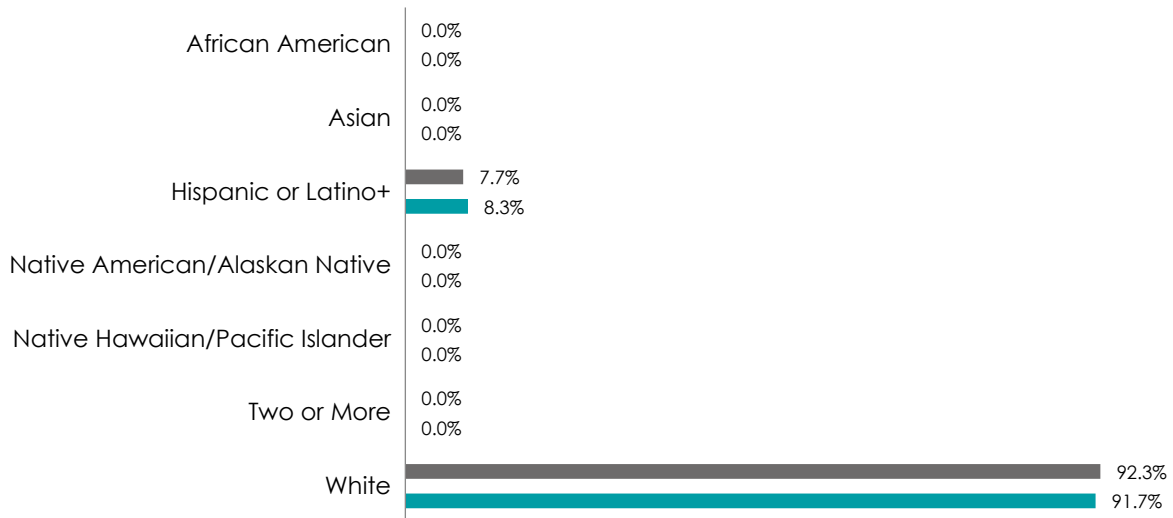

# Children & Families Receiving Child Care Subsidies in Crook County

For reporting period: October 1, 2018 to December 31, 2018

An important goal of Oregon's Early Learning System is to increase access to high quality care and education for all children in Oregon. This includes children from low income families and across all racial and ethnic backgrounds. The following information depicts data about children receiving child care subsidies and is the only available data about children in child care.

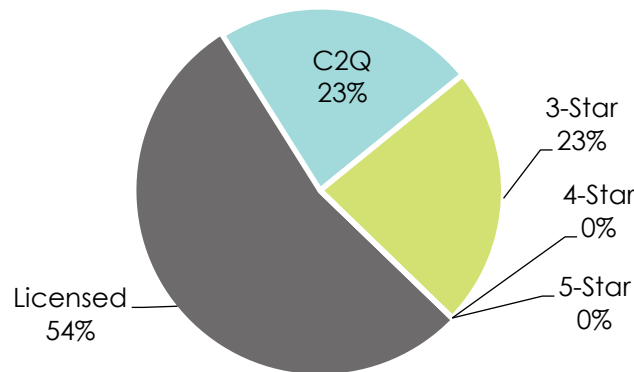

## Children on Subsidies by Demographic Information

- children on subsidies in programs participating in Oregon's QRIS
- children on subsidies in all licensed child care programs

## Oregon's QRIS Participation

The chart below shows children receiving subsidies in licensed programs and Oregon's QRIS participating programs county wide according to designation.

All data from Oregon's Department of Human Services for reporting period October 1, 2018 to December 31, 2018. Reported on October 21, 2019.

+ Indicated the ethnicity of Hispanic and any combination of race.

Information is about children 11 years and younger receiving child care subsidy.

Because of the nature of child care in Oregon these reported data are the most reliable source of demographic information about children in care, with the acknowledgement that this information is self-reported and optional.

## Children & Families Receiving Child Care Subsidies in Curry County

For reporting period: October 1, 2018 to December 31, 2018

---

An important goal of Oregon's Early Learning System is to increase access to high quality care and education for all children in Oregon. This includes children from low income families and across all racial and ethnic backgrounds. The following information depicts data about children receiving child care subsidies and is the only available data about children in child care.

No data is being reported for this county because the small number of children on subsidy and/or in QRIS participating programs would allow for possible identification of an individual child.

All data from Oregon's Department of Human Services for reporting period October 1, 2018 to December 31, 2018. Reported on October 21, 2019.

+ Indicated the ethnicity of Hispanic and any combination of race.

Information is about children 11 years and younger receiving child care subsidy.

Because of the nature of child care in Oregon these reported data are the most reliable source of demographic information about children in care, with the acknowledgement that this information is self-reported and optional.
