HOW TO FILL OUT THIS FORM

Please answer these questions about how your child goes about getting what he or she wants or needs. This may occur at school, or after school, or it could be related to your child's friends, other family members, a job or hobby.

This is not a Test. There are no right or wrong answers. The questions will help us learn about your child's strengths and areas where your child may need help.

Goal A goal is something your child wants to get or achieve, either now or next week or in the distant future. Your child can have many different kinds of goals. Your child could have a goal that has to do with school (like getting a good grade on a test or graduating from high school). Your child could have a goal that has to do with getting along better with friends or family (like making his mom proud). Your child could have a goal of saving money to buy something (a new iPod[®] or new sneakers), or doing better in sports (getting on the basketball team). Each child's goals are different because each person has different things that they want or need or that they are good at.

Plan A plan is the way your child decides to meet his or her goal, or the steps your child needs to take in order to get what (s)he wants or needs. Like goals, your child can have many different kinds of plans. An example of a plan to meet the goal of getting on the basketball team would be: to get better by shooting more baskets at home after school, to play basketball with friends on the weekend, to listen to the coach when the team practices, and to watch the pros play basketball on TV.
